

Student: \_\_\_\_\_

Alder Grove Charter School

CT: \_\_\_\_\_

Birth Date: \_\_\_\_\_

Fifth Grade Report Card

Year: \_\_\_\_\_

Grades:		
4 = Thorough Understanding	3 = Adequate Understanding	
2 = Partial Understanding	1 = Minimal Understanding	
<b>English Language Arts/Literacy</b>	1	2
<b>Reading: Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.</b>		
<b>Reading Standards for Literature</b>		
Quotes accurately from a text when summarizing a text to determine a theme of a story, drama or poem.		
Determines the meaning of words and phrases as they are used in a text, and explains the overall structure of a particular story, drama, or poem.		
Compares and contrasts stories in the same genre on their approaches to similar themes and topics from various types of literature.		
Reads and comprehends literature at grade level and above.		
<b>Reading Standards for Informational Text</b>		
Determines two or more main ideas of a text, and explains how they are supported by key details; summarizes the text utilizing quotes from credible sources.		
Compares and contrasts the overall structure of events, ideas, and concepts between two or more texts. Integrates information from several texts on the same topic in order to write or speak about the subject.		
Analyzes multiple accounts of the same topic, noting the similarities and differences unique to various points of view.		
Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which points.		
Reads and comprehends informational texts at grade level and above.		
<b>Reading Standards: Foundation Skills</b>		
Knows and applies grade-level phonics and word analysis skills in decoding words.		
Reads accurately and fluently to support comprehension.		
<b>Writing: Students can produce effective and well-grounded writing for a range of purposes and audiences.</b>		
<b>Writing Standards</b>		
Writes to communicate ideas and information effectively through opinion, informative and explanatory texts.		
Produces clear and coherent writing in which the development and organization are appropriate to task,		

purpose, and audience. Strengthens writing by planning, revising, editing, and rewriting.		
Conducts short research projects that use several sources to build knowledge through investigation.		
Takes notes when gathering information from print/digital sources and personal experiences; summarizes or paraphrases information in notes and provides a list of sources.		
Writes routinely over various lengths of time.		
<b>Speaking and Listening: Students can employ effective speaking and listening skills for a range of purposes and audiences</b>		
<b>Speaking and Listening Standards</b>		
Effectively engages in various types of discussion.		
Summarizes a text read aloud or information presented in various formats.		
Plans and delivers oral presentations using facts and relevant details, precise language, and domain-specific vocabulary.		
<b>Language Standards</b>		
Demonstrates a command of the grade-level conventions of standard English grammar and usage.		
Acquires and uses grade-appropriate vocabulary.		
Applies correct spelling of grade-level words in written work.		
<b>Mathematics</b>		
<b>Operations and Algebraic Thinking</b>		
Write and interpret numerical expressions.		
Analyze patterns and relationships.		
<b>Number and Operations in Base Ten</b>		
Understand the place value system.		
Perform operations with multi-digit whole numbers and with decimals to hundredths.		
<b>Number and Operations—Fractions</b>		
Use equivalent fractions as a strategy to add and subtract fractions.		
Apply and extend previous understandings of multiplication and division to multiply and divide fractions.		
<b>Measurement and Data</b>		
Convert like-measurement units within a given measurement system.		
Represent and interpret data.		
Geometric measurement: understand concepts of volume, and relate volume to multiplication and to addition.		
<b>Geometry</b>		
Graph points on the coordinate plane to solve real-world and mathematical problems.		
Classify two-dimensional figures into categories based on their properties.
