

# Meal Charge Policy

Alder Grove is pleased to be a part of the Universal Breakfast Program, which allows us to provide breakfast to ALL students FREE of charge. The goal of our breakfast program is to provide a healthy meal to children during the school day. In order to serve a healthy, high-quality meal to all children, we must make sure we are financially secure. Parents play a key role in this effort by completing an application and submitting it to the school, so that we may be reimbursed for the meals we serve. Please complete an application, which can be found on our website. If you have questions about the breakfast program, menus, medically prescribed special diets, or the application process, please contact Aimee Simmons ([aimee.simmons@aldergrovecharter.org](mailto:aimee.simmons@aldergrovecharter.org)).
